

LE RESEAU DES GRANDS FESTIVALS
D'ARTS ET TRADITIONS POPULAIRES

Festivals du Sud - Festivals of the South

An extraordinary human adventure

 Festivals du sud reunite, every summer, during the months of July and August, roughly about twenty folkloric groups and national ballers of all continents around the world. These ballets are under the responsibility of Festivals du sud, and participate mainly in the principal French and Spanish festivals of arts and popular traditions.

The organisation Festivals du sud elaborates every year a program of the folkloric groups, coming from all continents, so that the set of the groups is welcomed without discontinuity by the different festivals, from the arrival in Europe to the departure of Europe, according to a negotiated suitability with the concerned artists.

Led solely without lucrative goal by constituted teams of volunteers, this organization wants to be extremely professional and respectful of the ballets that it receives in France and in Spain. The organisation Festivals du sud seduces especially by the quality of the groups that it gathers, the sincerity of the meetings, and the festival spirit that it generates.

Festivals du sud is a big family whose ramifications continue all over the world. Sadly, we cannot satisfy all demands formulated by the groups that wish to participate in this world festival of folklore.

But, we can give the opportunity for these groups to participate one day, all we ask, does a little understand, patience and sense of professionalism.
